

AMENDED IN ASSEMBLY APRIL 28, 2014

CALIFORNIA LEGISLATURE—2013–14 REGULAR SESSION

**ASSEMBLY BILL**

**No. 2344**

---

**Introduced by Assembly Member Ammiano**

February 21, 2014

---

An act to *amend Sections 7962, 9001, 9002, 9006, and 9007 of, and to add Sections 7613.5 and 9008 to 9000.5 to*, the Family Code, relating to family law.

LEGISLATIVE COUNSEL'S DIGEST

AB 2344, as amended, Ammiano. Family law: parentage.

(1) The Uniform Parentage Act defines the parent and child relationship as the legal relationship existing between a child and the child's parents, including the mother and child relationship and the father and child relationship, and governs proceedings to establish that relationship. Under existing law the donor of semen provided to a licensed physician and surgeon or to a licensed sperm bank for use in assisted reproduction of a woman other than the donor's spouse is treated at law as if he were not the natural parent of the child thereby conceived unless otherwise agreed in a writing signed by the donor and the woman prior to the conception of the child.

This bill would establish a statutory parentage form *statutory forms* for assisted reproduction ~~that would establish the parental rights of donor and intended parent parties to~~ *to provide clarity regarding a person's intent to be a legal parent if he or she is using assisted reproduction that results in a child at the time of conception.* The bill would state that the use of this form, if signed prior to the conception of a child, is presumed to meet *forms satisfy* the writing requirement

described above, *but would state that use of the forms would not be required to satisfy that writing requirement.*

(2) Existing law establishes the process by which a person may be adopted by a stepparent who is married to or is the domestic partner of the person's parent. Existing law requires that each case of stepparent adoption be investigated by certain individuals or entities, including a probation officer, private licensed adoption agency, or county welfare department in the county in which the adoption proceeding is pending. Under existing law, the prospective adoptive parent is liable for all reasonable costs incurred in connection with the stepparent adoption, including costs incurred for the investigation. Existing law also requires the prospective adoptive parents to be examined by the court, as specified.

~~This bill would establish the use of a stipulated stepparent adoption process, under which the child of a marriage or domestic partnership may be adopted by the parties to that marriage or domestic partnership, if both of the parties appear on the child's birth certificate, and the parties file a written agreement with the court, as provided. The bill would state that a stipulated stepparent adoption does not require an examination by the court or any other court proceedings, or a background check, home study, or any related fees.~~

*This bill would establish a procedure for conducting a stepparent adoption involving a spouse or partner who gave birth to the child during the marriage or domestic partnership, and would exempt these adoptions from the requirements that a home visit or home study be performed, that the prospective adoptive parent appear before the court, and that the prospective adoptive parent be liable for all reasonable costs incurred in connection with the stepparent adoption, unless otherwise ordered by the court for good cause. The bill would make related and conforming changes.*

(3) Existing law requires an assisted reproduction agreement for gestational carriers to include the date on which the assisted reproduction agreement was executed, the persons from which the gametes originated, unless anonymously donated, and the identity of the intended parent or parents.

*This bill would require a disclosure of the manner in which the intended parents will cover the medical expenses of the gestational carrier and of the newborn, as provided.*

Vote: majority. Appropriation: no. Fiscal committee: yes.  
State-mandated local program: no.

SEC. 2. Section 7962 of the Family Code is amended to read:

7962. (a) An assisted reproduction agreement for gestational carriers shall contain, but shall not be limited to, all of the following information:

(1) The date on which the assisted reproduction agreement for gestational carriers was executed.

1 (2) The persons from which the gametes originated, unless  
2 anonymously donated.

3 (3) The identity of the intended parent or parents.

4 (4) *Disclosure of how the intended parents will cover the*  
5 *medical expenses of the gestational carrier and of the newborn or*  
6 *newborns. If health insurance coverage is used to cover those*  
7 *medical expenses, the disclosure shall include a review of the*  
8 *health insurance policy provisions related to coverage for*  
9 *surrogate pregnancy, including any possible liability of the*  
10 *gestational carrier and any notice requirements that could impact*  
11 *coverage or liability of the gestational carrier.*

12 (b) Prior to executing the written assisted reproduction  
13 agreement for gestational carriers, a surrogate and the intended  
14 parent or intended parents shall be represented by separate  
15 independent licensed attorneys of their choosing.

16 (c) The assisted reproduction agreement for gestational carriers  
17 shall be executed by the parties and the signatures on the assisted  
18 reproduction agreement for gestational carriers shall be notarized  
19 or witnessed by an equivalent method of affirmation as required  
20 in the jurisdiction where the assisted reproduction agreement for  
21 gestational carriers is executed.

22 (d) The parties to an assisted reproduction agreement for  
23 gestational carriers shall not undergo an embryo transfer procedure,  
24 or commence injectable medication in preparation for an embryo  
25 transfer for assisted reproduction purposes, until the assisted  
26 reproduction agreement for gestational carriers has been fully  
27 executed as required by subdivisions (b) and (c) of this section.

28 (e) An action to establish the parent-child relationship between  
29 the intended parent or parents and the child as to a child conceived  
30 pursuant to an assisted reproduction agreement for gestational  
31 carriers may be filed before the child's birth and may be filed in  
32 the county where the child is anticipated to be born, the county  
33 where the intended parent or intended parents reside, the county  
34 where the surrogate resides, the county where the assisted  
35 reproduction agreement for gestational carriers is executed, or the  
36 county where medical procedures pursuant to the agreement are  
37 to be performed. A copy of the assisted reproduction agreement  
38 for gestational carriers shall be lodged in the court action filed for  
39 the purpose of establishing the parent-child relationship. The parties  
40 to the assisted reproduction agreement for gestational carriers shall

1 attest, under penalty of perjury, and to the best of their knowledge  
2 and belief, as to the parties' compliance with this section in entering  
3 into the assisted reproduction agreement for gestational carriers.  
4 Submitting those declarations shall not constitute a waiver, under  
5 Section 912 of the Evidence Code, of the lawyer-client privilege  
6 described in Article 3 (commencing with Section 950) of Chapter  
7 4 of Division 8 of the Evidence Code.

8 (f) (1) A notarized assisted reproduction agreement for  
9 gestational carriers signed by all the parties, with the attached  
10 declarations of independent attorneys, and lodged with the superior  
11 court in accordance with this section, shall rebut any presumptions  
12 contained within Part 2 (commencing with Section 7540),  
13 subdivision (b) of Section 7610, and Sections 7611 and 7613, as  
14 to the gestational carrier surrogate, her spouse, or partner being a  
15 parent of the child or children.

16 (2) Upon petition of any party to a properly executed assisted  
17 reproduction agreement for gestational carriers, the court shall  
18 issue a judgment or order establishing a parent-child relationship,  
19 whether pursuant to Section 7630 or otherwise. The judgment or  
20 order may be issued before or after the child's or children's birth  
21 subject to the limitations of Section 7633. Subject to proof of  
22 compliance with this section, the judgment or order shall establish  
23 the parent-child relationship of the intended parent or intended  
24 parents identified in the surrogacy agreement and shall establish  
25 that the surrogate, her spouse, or partner is not a parent of, and has  
26 no parental rights or duties with respect to, the child or children.  
27 The judgment or order shall terminate any parental rights of the  
28 surrogate and her spouse or partner without further hearing or  
29 evidence, unless the court or a party to the assisted reproduction  
30 agreement for gestational carriers has a good faith, reasonable  
31 belief that the assisted reproduction agreement for gestational  
32 carriers or attorney declarations were not executed in accordance  
33 with this section. Upon motion by a party to the assisted  
34 reproduction agreement for gestational carriers, the matter shall  
35 be scheduled for hearing before a judgment or order is issued.  
36 Nothing in this section shall be construed to prevent a court from  
37 finding and declaring that the intended parent is or intended parents  
38 are the parent or parents of the child where compliance with this  
39 section has not been met; however, the court shall require sufficient  
40 proof entitling the parties to the relief sought.

(g) The petition, relinquishment or consent, agreement, order, report to the court from any investigating agency, and any power of attorney and deposition filed in the office of the clerk of the court pursuant to this part shall not be open to inspection by any person other than the parties to the proceeding and their attorneys and the State Department of Social Services, except upon the written authority of a judge of the superior court. A judge of the superior court shall not authorize anyone to inspect the petition, relinquishment or consent, agreement, order, report to the court from any investigating agency, or power of attorney or deposition, or any portion of those documents, except in exceptional circumstances and where necessary. The petitioner may be required to pay the expense of preparing the copies of the documents to be inspected.

(h) Upon the written request of any party to the proceeding and the order of any judge of the superior court, the clerk of the court shall not provide any documents referred to in subdivision (g) for inspection or copying to any other person, unless the name of the gestational carrier or any information tending to identify the gestational carrier is deleted from the documents or copies thereof.

(i) An assisted reproduction agreement for gestational carriers executed in accordance with this section is presumptively valid and shall not be rescinded or revoked without a court order. For purposes of this part, any failure to comply with the requirements of this section shall rebut the presumption of the validity of the assisted reproduction agreement for gestational carriers.

*SEC. 3. Section 9000.5 is added to the Family Code, to read:*

5 jurisdiction.

6     (2) A copy of the child's birth certificate.

7     (3) Declarations by the parent who gave birth and the spouse  
8 or partner who is adopting explaining the circumstances of the  
9 child's conception in detail sufficient to identify whether there may  
10 be other persons with a claim to parentage of the child who is  
11 required to be provided notice of, or who must consent to, the  
12 adoption.

13     (d) The court may order a hearing to ascertain whether there  
14 are additional persons who must be provided notice of, or who  
15 must consent to, the adoption if it appears from the face of the  
16 pleadings and the evidence that proper notice or consent have not  
17 been provided.

18     (e) The court shall grant the stepparent adoption under this  
19 section upon finding both of the following:

20     (1) That the parent who gave birth and the spouse or partner  
21 who is adopting were married or in a domestic partnership,  
22 including a registered domestic partnership or civil union from  
23 another jurisdiction, at the time of the child's birth.

24     (2) Any other person with a claim to parentage of the child who  
25 is required to be provided notice of, or who must consent to, the  
26 adoption has been noticed or provided consent to the adoption.

28     9001. (a) ~~The~~ Except as provided in Section 9000.5, the  
29 probation officer, qualified court investigator, licensed clinical  
30 social worker, licensed marriage family therapist, private licensed  
31 adoption agency, or, at the option of the board of supervisors, the  
32 county welfare department in the county in which the adoption  
33 proceeding is pending shall make an investigation of each case of  
34 stepparent adoption. The court may not make an order of adoption  
35 until after the probation officer, qualified court investigator,  
36 licensed clinical social worker, licensed marriage family therapist,  
37 private licensed adoption agency, or county welfare department  
38 has filed its report and recommendation and they have been  
39 considered by the court.

1 (b) If a private licensed adoption agency conducts the  
2 investigation, it shall assign the investigation to a licensed clinical  
3 social worker or licensed marriage and family therapist associated  
4 with the agency. Any grievance regarding the investigation shall  
5 be directed to the licensing authority of the clinical social worker  
6 or marriage and family therapist, as applicable.

7 (c) Unless ordered by the court, no home study may be required  
8 of the petitioner's home in a stepparent adoption. The agency  
9 conducting the investigation or any interested person may request  
10 the court to order a home study or the court may order a home  
11 study on its own motion.

12 (d) "Home study" as used in this section means a physical  
13 investigation of the premises where the child is residing.

14 (e) Nothing in this section shall be construed to require the State  
15 Department of Social Services to issue regulations for stepparent  
16 adoptions.

17 *SEC. 5. Section 9002 of the Family Code is amended to read:*

21 including, but not limited to, costs incurred for the investigation  
22 required by Section 9001, up to a maximum of seven hundred  
23 dollars (\$700). The court, probation officer, qualified court  
24 investigator, or county welfare department may defer, waive, or  
25 reduce the fee if its payment would cause economic hardship to  
26 the prospective adoptive parent detrimental to the welfare of the  
27 adopted child.

28 *SEC. 6. Section 9006 of the Family Code is amended to read:*

29 9006. (a) If the petitioner moves to withdraw the adoption  
30 petition or to dismiss the proceeding, the court clerk shall  
31 immediately notify the probation officer, qualified court  
32 investigator, or county welfare department of the action, *unless a*
